## AGILE PROJECT MANAGEMENT

**LOCATION:** El Paso, TX

**DESCRIPTION:** 78,000 square foot, two-story medical facility

**COMPLETION DATE:** May, 2023

**CONSTRUCTION COST:**  
Est. \$48 million

## Ysleta del Sur Pueblo Health Clinic Project Highlights:

This state-of-the-art facility exemplifies Tigua Inc.'s (TI) capabilities and is now actively delivering comprehensive services to the Tigua Nation.

TI, in collaboration with esteemed partners, successfully managed the construction process of this impressive project. Awarded to TI by Ysleta del Sur Pueblo in 2018, the design phase was led by Carl Daniel Architects, with Jordan Foster Construction serving as the lead sub-contractor for the construction project.

This remarkable achievement encompasses a two-story clinic that offers a significantly larger space compared to the previous facility. In contrast, the previous facility spanned 15,000 square feet with only three primary care rooms. The new clinic, with its expansive 78,000 square feet, now accommodates 17 primary care rooms, providing ample capacity to meet the growing healthcare needs of the Tigua Nation.

The clinic offers a wide range of essential services to tribal members including optometry, dental care, behavioral health support, substance abuse programs, diabetes management, health education, and comprehensive social services. The facility also houses its own on-site pharmacy, ensuring convenience and accessibility for patients.

Situated just one block away from the heart of the Pueblo's lakitu Village, this facility seamlessly integrates into the community. Its unique design sets it apart as one of the largest clinics among the Pueblo tribes. TI takes immense pride in contributing to this project, enhancing the Tigua Nation's access to state-of-the-art healthcare resources for years to come.

With TI's professional construction capabilities and the successful completion of the YDSP Health Clinic, we demonstrate our unwavering dedication to delivering exceptional results. Explore our proven track record of excellence and consider partnering with TI for your next construction project. Together, we can transform your vision into reality.
